

English National Concessionary Bus Pass Information and Application Form

This leaflet contains information about the English National Concessionary Bus Pass, how to apply and how you can use it.

To receive the English National Concessionary Bus Pass which permits free off-peak travel across England, please read the notes on the next few pages and complete the attached application form. This should be returned to your local district or borough council office.

Applicants are only permitted one pass per person and this should be provided by the Authority responsible for where they live. If the applicant loses their pass or wishes to update their photograph, the cost to replace it is £10. The bus pass is valid until the expiry date on the front, when their pass is replaced for free.

You are required to provide a passport type photograph and the proof of entitlement listed in the eligibility section on page 2.

Disabled applicants must also enclose details relating to their disability and any relevant evidence, for example, registration or medical verification (please see the detail shown on page 3).

All applicants must supply one passport photograph unless advised by their local council office.

The Bus Pass

Once you have received your English National Bus Pass, you will be able to travel free on off peak travel on local bus services (excluding tube/DLR, rail, tram, coach, express or excluded Park and Ride services, community transport and local ferry services) throughout England. The pass is valid for use at the following times:

Location	Monday to Friday (excluding public holidays)	Weekends and Public Holidays
Essex, Southend and Thurrock Authorities	09:00 to 24:00	Anytime
Any other local authority in England (including London) (Not all authorities offer earlier discretionary start times)	09:30 to 23:00	Anytime

You cannot use the companion element of a companion pass outside of Essex, Southend and Thurrock.

Companion travel is not permitted everywhere in England.

This is for applicants who would not be able to regularly make a journey without requiring assistance from a travelling companion to either get on and off the bus, or find out information about the journey (such as a route number or when their stop is).

A specialist's opinion on travel arrangements would be taken into consideration when the application is being assessed.

Pass Use

Free travel is only permitted on local bus services in England within the hours shown above on production of a valid bus pass. At all other times a fare must be paid in accordance with the fares charged by individual operators and cannot be reclaimed from either the operator, the local district, borough or County Council.

How long does a pass last for

Your pass is valid for up to 5 years, depending on the type of pass we have issued. The expiry date will be on the front of your pass. Any replacement of expired passes is free.

Who is Eligible

Permanent residents of Essex who are of the pensionable age. If you were aged 60 before 5 April 2010, you can request a bus pass at once. However, if you became 60 on or after 6 April 2010, the date on which you can claim is based on rules issued by the government. This is due to changes to dates on which women can claim their retirement pension, currently at their 60 birthday. This is changing over a period of years to age 65, the date on which men receive their pensions. This is called Pension Equalisation. For the purposes of claiming a bus pass, this will apply to both women and men. You can find out if you are eligible online at www.canigetapass.org.uk or call us on 01277 312500.
