Online admissions

Parents and carers who live in Essex can now apply for their child's school place online using the Essex Online Admissions Service at:

www.essex.gov.uk/admissions

The online application system has a number of benefits for parents and carers:

- it's quick and easy to use;
- you can access related information through links on the website to find out more about individual schools, such as home to school transport or inspection reports;
- you will immediately be sent an email confirmation that your application has been received;
- you will be told the outcome of your application more quickly than by post if you request it to be sent to you by email as well.

You will be able to make your application online from **11 November 2013**

The closing date for primary applications is **15 January 2014**. This is the statutory national closing date set by the Government.

You will be able to view your application online after the closing date of 15 January but you will not be able to amend your preferences after this time. Should you have a genuine reason for amending your preferences after the closing date, you will need to notify School Planning and Admissions in writing (see page 10 of the *Primary Education in Essex 2014/2015* booklet).

Please note that it is not possible to apply for a junior school or a mid-year place on line.

Introduction to the Schools' Admissions Policies Directory for South Essex

This Directory should be used with any information you have been sent and the Primary Education in Essex 2014/2015 booklet which is available on our website at www.essex.gov.uk/admissions or on request (contact details on the back cover) by parents and carers whose children will be starting primary education or transferring from infant to junior school in South Essex in the school year that begins in September 2014.

In this Directory you will find the School Admission policies of all the primary, infant and junior schools in the South Essex locality. You can also view them on our website by selecting the individual school and then the 2014/2015 admission policy. This includes areas 7 (Rochford), 8 (Castle Point), 9 (Basildon) and 10 (Brentwood) on the map below. On page 6 it explains what the different parts of these policies mean.

When you make your application for your child please do this online (details on page 2), on the form which you can download from our website or request (contact details on the back cover). **Please do not do both.** The application form can also be downloaded from our website: www.essex.gov.uk/admissions

The deadline for receipt of forms is **15 January 2014**.

The information contained in this booklet is correct as at the time of printing. Policies may change in the light of decisions made by the Schools' Adjudicator or any changes in the law. An addendum will be available on the website and on request.

A summary of the school's admissions policy. You will need to get a copy of the school's prospectus for a full version of the policy.

Admissions Policy

There is no guarantee of a place in the school. In the event of oversubscription places will be allocated using the following criteria in the order given:

1. Looked After Children and previously looked after children (as defined on page 12 of the Primary Education in Essex 2014/2015 booklet);
2. children with a sibling attending the school;
3. children living in the priority admission area;
4. remaining applications.

Note 1

The Published Admission Number (PAN) is the number of places that the school has available for the new Reception in 2014. In general this will be the same as the PAN for 2013. The total number of applications received is as in April 2013 after applications closed. The PAN and the number of applications received for 2013 should give you an idea of the demand for places at the school. Treat this information carefully and talk to the school about it. For instance, some applications may have been second, third or fourth preferences and these increase the overall number of applications. However you must be aware that if you only apply for schools that are oversubscribed you may not receive a place at any of them.

Note 2

Timing of Admission. As required by law with effect from September 2011, all infant and primary schools provide for the full-time admission of all children offered a place in the reception year group from the September following their fourth birthday. This means that you have the right to a full time place at the school your child is offered from September 2014. Parents can request that the date their child is admitted to school is deferred until later in the school year or until the child reaches compulsory school age in the school year. Where entry is deferred, the school will hold the place for that child and not offer it to another child. The parent would not however be able to defer entry beyond the beginning of the term after the child's fifth birthday, nor beyond the academic year for which the original application was accepted. Parents can also request that their child attends part-time until the child reaches compulsory school age. You would need to check with the individual school(s) what the part-time provision would be. Where parents choose to defer entry, the school may reasonably expect that the child would start at the beginning of a new school term/half term.

Applicants must provide evidence from a doctor or other registered health professional setting out why the school is the most suitable and the difficulties that would be caused if the child attended and had to travel to another school.

Applications made on this basis will be considered by the admission committee of the governing body. The committee will decide whether the evidence provided demonstrates that the medical circumstances are exceptional and if it is appropriate for the application to override those in other admission criteria.

Under the Disability Discrimination Act the general expectation is that all schools will make reasonable adjustments to accommodate the needs of individual children with disabilities or medical needs. For this reason only exceptional medical circumstances will mean that it is appropriate for a child to be admitted to the school.
