Actions from last site visit:			
<ul style="list-style-type: none"> • Informative re: stockpiles and surrounding trees/woodlands. Update: Stockpile positions have not changed since last visit and there were no signs of additional encroachment or these causing issues to the nearby trees/woodland. 			
Inspection Results Summary:			
<p>The concrete batching plant was operational at the time of visit. Stockpiles supporting this use were in the correct location.</p> <p>Site is being prepared for use as part of the Lufkins Farm (reservoir) development. Material from this site will be brought to Alresford for processing. In this regard some equipment/infrastructure is also being stored in the northern part of this site. CH confirmed this was however only temporary until such time as works commence at Lufkins.</p> <p>The haul road was clean and generally in a good state of repair.</p> <p>No issues requiring action.</p>			
Actions to be taken before next site visit:			
<ul style="list-style-type: none"> • None
