#### Introduction

- 1. Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary of State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.30 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters. Paragraphs 6 and 3.30 of the Code require that each local authority publish its report locally.
- 2. This year's report must cover the 2022/2023 academic year and be submitted to the Office of the Schools Adjudicator (OSA) by 31 October 2023.
- 3. Please note that, in response to feedback on the draft template, changes have been made to section 2C of this template.
- 4. Please also note that the OSA and Department for Education are planning a small project to ensure that the report is as useful as possible to local authorities, the OSA, DfE and others. As a result of this, there are likely to be changes made to the template for the 2023/2024 academic year.

#### **Guidance on completing the template**

- 5. We have included all the guidance on completing specific parts of the template in this section. There is no requirement for local authorities to include the introduction and the guidance in their published reports, but they are free to do so if they wish.
- 6. We should be grateful if in completing questions which ask for information about primary and secondary schools and/or pupils, local authorities would follow the approach to classification of schools used in statutory provisions and in the Department for Education Statistical First Release<sup>1</sup> and the Education Middle School (England) Regulations 2002<sup>2</sup>.
- 7. Guidance on specific questions and/or meaning of specific terms in this report:
  - a. "in-year admissions": This means admissions (that is children admitted to a school and not applications for places):
    - i. at the start of any school year to a year group which is not a normal point of entry for the school concerned (for example at the beginning of Year 2 for a five to eleven primary school); and

<sup>&</sup>lt;sup>1</sup> <u>Department for Education Statistical First Release</u>

<sup>&</sup>lt;sup>2</sup> The Education Middle School (England) Regulations 2002

- ii. after the end of the statutory waiting list period (31 December) to a year group which is a normal year of admission for the schools concerned (such as Year R and Year 7).
- b. Not applicable means at questions:
  - i. Section 1: B.i. B.iv. that there were no children falling within the relevant definition.
  - ii. Section 2: Ai iv that there were no children falling within the relevant definition.
  - iii. Section 2: B.i. that there were no children falling within the relevant definition.
  - iv. Section 2: C.v. that there were no children falling within the relevant definition.
- 8. We welcome all comments that local authorities make in the comment boxes and we aim to reflect those comments in the Annual Report, but we ask for the comments to be entered under the right headings. Section 3 invites comment on any other matters not specifically addressed in this template if local authorities wish to do so. The views expressed in previous years also remain a matter of public record.
- 9. We ask that where possible, you return the template in Word instead of PDF formatting. A number of you have commented on the formatting of the template and we have tried to make it as accessible as possible, but we are aware that some local authorities use different versions of Word.

We were concerned to read the suggestion in the previous Schools White Paper that local authorities may again be required to co-ordinate all in-year applications in the future. We consider this would be a move which works against the interests of parents and that such admissions, particularly for own admission authority schools, are best managed by the schools themselves.

### **Section 3 - Other matters**

Are there any other matters that the local authority would like to raise that have not been covered by the questions above?

A point which we have remarked upon in times gone by – training and guidance on admissions responsibilities should form an integral part of the academy conversion process.

### **Section 4 - Feedback**

We would be grateful if you could provide any feedback on completing this report to inform our practice for 2024.

We have found the template has improved year on year and are grateful to the OSA for this.

Thank you for completing this template.
